About PDMP

The Prescott Downtown Mural Project is a grassroots project placing community murals throughout the city of Prescott.

The Mural Mice are a collective of artists dedicated to initiating positive social change through art. Among the fold are painters, mosaic artists, performers, musicians, film makers, writers and more.

The Prescott community is encouraged to participate in every aspect of the construction of PDMP murals, through surveys, town meetings, research and construction of each mural. As a result, our murals reflect the history, cultural identity, and vision of the people who call Prescott home. We are not simply making murals, we are building community.

Art plays a vital role in our lives. Murals are a means to inspire, build connections and communicate important issues in our community. The Mural Mice strive to make enlightened and relevant art a part of our everyday experience.

Mural Mouser Degree Program/ Internship Opportunity

Mouse scouts from the Prescott Downtown Mural Project are on the hunt for Prescott's up-and-coming talent.

The Prescott Downtown Mural Project is entering its sixth year and is looking to expand its efforts by assembling teams of artists who can work throughout the city on a variety of community issues. For the first time, the Mural Mice are offering internship positions to artists who would like to learn the art of community mural building.

There's a place for you! Public art is a rewarding and fulfilling process. If you are passionate about creating positive change in your town, this may be an opportunity for you.

It takes a lot to be a Mouse

PDMP is looking for artists who want to be team leaders, who are willing to work with children, community members and collaborate with other artists. There are many tasks that Mice do in addition to designing and painting; we create our own media, plan events and performances, collaborate with a variety of organizations and city departments, do community outreach and fundraising. Being a Mouse is a full-time job, anyone interested in joining the team must be dependable, available and have a good work ethic.

**Don't be afraid to sign up, experience is not required.
The Mice are interested in artists who are brave learners.**

There are opportunities for future employment by the Prescott Downtown Mural Project as the community demand for murals throughout Prescott continues.

Spring 2010 Mural Projects and Job Opportunities
